The Jungle Lady's shows last an hour and work best for audiences 4 years old and up. All Linda needs to perform her fun, safe show is some space on your floor (about 5 feet square). Audiences get to touch most of the animals she brings — including snakes, lizards, bugs, and turtles. If the show is part of a birthday party, the guest of honor gets special access to the animals, helps feed a banana to a large tortoise, and gets to hold a big snake at the conclusion of the performance. Linda also gives the celebrant a special gift.

Longer shows, display tables, and stage performances are also available upon request. Please call for pricing.
